Firey guitar that cuts straight to your Heart and Soul! Chris Brown's guitar looks like it's been run over by a truck, but he has just played the paint off of it! One tight rhythm section - that's Mike and Bono. Tribal - Primal - The Beat and Pulse of one vision: exploring every musical door and opening it by blowing it off the hinges!

Also LEAD VOCALIST extraordinaire Kristin Major is incredible, strong, and charismatic!

There isn't a more funky, jamming, flexible and disciplined band of killer players on the DFW music scene today than DRIVE. And they prove it time and time again.

Together, they achieve any musical challenge presented. They appreciate and perform every style of music. Whether it's funk, rock, jazz or blues, or when asked, they'll even tear into REAL country music, not the washed stuff on the radio today. They love to play and everything they play is off the charts.

And, when given the musical freedom they deserve, they'll be playing the most difficult songs they can find. The more difficult the song, the more they like it and the better it sounds. Everytime you see them, you'll notice something you missed last time you heard them. Maybe a drum solo, a guitar lick or a bass line that will blow you away. Believe me, the next time you hear them, you'll find yourself listening harder and studying hard, so you don't miss another note.

If you haven't seen or heard them, find the time, because they will be over the top before you know it - and they won't be looking back!

A FAN SUMMED IT UP BEAUTIFULLY: "There isn't one predictable thing about the music you three guys kick out. No matter where or when you play, people listen in awe and they love what they hear. You have the coolest selection of songs, and because you are killer musicians, whether you are jamming hard, feeling soulful, getting down with the blues, jazzing it up, or rocking the house, you three remain totally in sync. One tight unit, feeling the vibes and playing like it's the last chance you'll get. I'm your biggest fan. You all rock!"
